**Kosher for Pesach Milk – Minneapolis
Pesach 2024**

cRc Kasher is proud to announce that, as a service to the local Minneapolis community, we have worked with the local Kemps Minneapolis plant to produce Kosher L'Pesach milk for Pesach 2024. This milk is Cholov Stam.

(Please note: Some people are careful to consume Cholov Yisroel on Pesach even though they consume Cholov Stam year-round. If this was your custom in the past, it is worthwhile to continue with this Hiddur for Pesach! This production of Cholov Stam milk is for those, who for whatever reason, are not doing so.)

This milk will not bear any indication that it's "Kosher for Passover." To identify that the milk you are purchasing is Kosher L'Pesach, please use the following notes:

1. It MUST be from Kemps or another private label (see list below).
2. It MUST be plain white milk (not Chocolate milk, or other products) in Whole, 2%, 1% or Skim.
3. It MUST bear plant # "27-168" on the product. This can be on the label or inkjetted anywhere on the container, typically near the cap.
4. The expiration or "best by" date MUST be between April 30th and May 10.

This milk is sold under the Kemps brand and other private labels. This includes the following brands: Cub, Friendly Farms (Aldi), Festival Foods, Food Club, Good & Gather (Target), Great Value (Walmart), HyVee, Kirkland (Costco), Oak Grove, Super One, and That's Smart.

Look for this milk at your local stores in the Minneapolis region. As long as the 4 conditions listed above are met, the milk is Kosher L'Pesach.

Wishing you a Chag Kosher V'same'ach!

The **PESACH Guide** was in the BYSO two weeks ago and is available on the website, or hard copy at Shul while supplies last. **One addition to the Matza weight guide:** Oat Matza is more dense, so the weight is different. For Motzi Matza, use 37.5g, Korech 14.5g, or the more stringent shiur, 21.6g. Afikoman, 28.4g.
